YHS Revisited, 1961

Homecoming Busy

Queen Crowning Heads '61 Fete

A round of festivities, including the annual crowning of a queen, will highlight the Yoe High School Homecoming tomorrow night.

Six candidates have been nominated for 1961 Homecoming Queen at YHS. They are: Linda Tucker, Carolyn Slavik, Lanelle Darby, Kay Harris, Virginia Cummings and Jolene Wied.

SIX CANDIDATES

The six queen candidates and their escorts will be presented at halftime for the Homecoming tilt between Cameron and Hearne.

Cameron Supt. Charles Zeigler will present a bouquet of flowers to the Homecoming Queen and crown her at the halftime show.

And Dad's Night will also be a feature of the Homecoming game. Fathers of football players will sit on the sidelines. They will wear identifying numbers corresponding to the numerals worn by their sons.

Other festivities include:

--A dance for Yog High School students following the game at Ben Milam Cafeteria.

-- A dance for Yoe High School Yoe ex - students 6 to 7 p. m. Friday, hosted by YHS seniors.

And a Homecoming Dance following the game for YHS ex-students at Simon - George Hall. The Cameron Couples Club will host the special dance. A Halloween theme will be carried out in decorations.

HEARNE OPPONENT

These festivities will follow the touted match between Cameron and Hearne at Yoe Field. Hearne, the favorite over a strong YHS squad, brings a high - scoring team that has averaged about 42 points per game. The Eagles lead Texas AA football teams in scoring.

School spokesmen invited all YHS ex - students to the pre - game reception in the homemaking department at Yoe High School.

And officials of the Cameron Couples Club invited all Yoe High School ex - students and adults attending the Homecoming Game to attend the dance at Simon - George Hall.

WHOA, HOSS -- Halfback Jim Davis, 20, of Caldwell, looks toward The Herald camera just as Cameron halfback Craig Wallace (35) pulls in the reins on the Hornet back. Yoe High School's 28-3 win over Caldwell set the stage for the 19-AA feature tomorrow night between the powerful Hearne Eagles and the Yoemen. Staffoto

Cameron marches on.

This week announcement of moving the Cameron Library to a down town location and construction of a nursing home was made.

It followed on the heels of some comprehensive planning of new street layout by City officials.

While things seemed to ebb for a time, they begin to flow again.

North Milam United Fund officials have already announced that they will reorganize this winter for a comprehensive drive next fall.

As Goethe said: "Correction does much, but encouragement does more. Encouragement after censure is as the sun after a shower."

This column and this newspaper strives to lend every encouragement to furthering the institutional, civic and cultural development of Cameron and Milam County. If it takes a little boost once in a while, if we incur criticism for pointing up what we think these needs are, we consider the price equal to the results.

102 - 102 - 102

Les Procter, district attorney for Travis County, hit the nail on the head in closing remarks about the American way of life Wednesday.

Before a capacity Rotary audience, he said "if we are to convince the people of the world or even our own school children of the value of our way of life, we must be for something, not against."

He urged a search back into the "grass roots" of Americanism for what real vaules are: those of virtue and courage and honesty.

Procter quoted an anonymous philosopher who said: "Man can not live long, but he can live nobly." He was introduced by Dr. C. G. Swift.

33 Students On YHS Honor Roll

Yoe High School Principal Jerald Underwood has released the following 33 students as the honor roll for the first six weeks of this school year.

They are:

Freshmen - Judy Adams, Mary Beth Nance, Mike Perrin, Margaret Zotz, Kay Roesler, Jerry Bright, Monica Mikula, Jo Ann Anderson and Kay Sell.

Sophomores - Shirley Baker, Kay Bridges, Jon Zelisko, Patricia Weathers, Carol Ann Crook, Jolene Wied and Jane Monroe.

Juniors - Billie Burke, Janet Jekel, Carolyn Griswold, Jane Matyastik, Pam Green, Bertha Miller Carolyn Slavik, Dorene Hollas, Bill Looney and Peggy Schiller.

Seniors - Rebecca Harden, Margaret Nance, Lanette Laffere, Joyce Smalley, Betty Kestenbaum, Gwen Zawadzke and Theresa Koranek.

Yoemen To Test Powerful Hearne

The Cameron Yoemen play host to their number one competitor for the district 19AA football championship Friday night in the Hearne Eagles.

Site of the game, probably the most highly - publicized in Central Texas, is the Yoe High School Athletic Field. Gametime is 7:30 p. m.

The Eagles have posted a record of eight wins and no losses. They are rated as one of the top ten double A teams in the state. The Yoemen have five wins, a loss and a tie going into the tilt.

Yoemen head coach, Billy Bates, told the Herald Tuesday that the Yoemen are in good physical shape.

Carroll Richter, senior end and halfback, out of action since the second game of the season, may play Friday night.

The Eagles starting lineup averages about 164 pounds, 159 pound backfield and a 168 pound line.

Quarterback Simon Martinez, who is making a strong bid for all state honors through his passing and ball handling ability, is the Yoemen's chief worry. Although only a 160 pounder, he has completed almost 75 per cent of his passes this year.

Halfback O. B. Fowler and fullback Robert Neff pick up the backfield burden where Martinez stops. Fowler is a 156 pounder with speed and a strong blocker and pass defender. Neff is another tough defensive player and hard runner.

Halfback Butch Reed lacks blocking ability but shows occasional bursts of speed. He is one of Martinez's main pass targets.

Heaviest man in the Eagle line is 181 pound tackle, W. Kirk. Pete Trentecost, right guard, weighs 180 and is a good blocker and pass defender with fair speed.

Other linemen are S. Altimore 173 pound end; C. Hawthorne, 170 pound tackle; M. Nigliazzo, 150 pound guard and Tommy Dotson, 165 pound end. Dotson is the Eagles chief pass receiver.

At 'Appreciation' Dinner

Poage Reports On Bills

Congressman W. R. Poage last Thursday ranged over a spectrum of 1961 federal legislation in a speech at a Cameron dinner in his behalf.

About 220 Milam Countians and visitors from Temple, Killeen and Belton attended the appreciation dinner for Congressman Paoge at First Methodist Fellowship Hall.

The 11th District Congressman spoke more about what he voted against than what he voted for. And he questioned the radical "Indignation Rallys" underway last week in Dallas and defended U. S. position of training Yugoslav pilots and selling them surplus jets.

He termed the recently closed session of Congress "as constructive in a direction of solvency."

"Congress spent a lot of money, but we can all say we don't agree with everything," he said.

HOW POAGE VOTED

He moved to some of the major bills and described his position on them.

ECONOMICS — He noted that unemployment is down to 4 million from 6½ million since the new Administration took office saying, "there has been a basic recovery in this country."

He described the return of gold back into this country, showing the "world's confidence in the United States." Beginning in August, the outflow trend was reversed, he pointed out.

DEPRESSED AREAS BILL — "I didn't vote for it because I don't think it is fair, to help one community and not another.

MINIMUM WAGE — "I didn't vote for it. I think it is hurtful When higher wager are earned, they are fine. But arbitrarily raising the minimum wage is inflationary. The higher the contribution, the higher the wage. That is what I believe."

EDUCATION — "I was not a supporter of federal aid to education, but I favor 'impacted areas' legislation where federally caused growth such as an Army installation puts extra demands on the local schools.

He attacked the indignation rallys in Dallas. Poage said he did not question those people's sincerity, but said he did not believe that all 436 "of my colleagues in Congress are planning to deliver this country to the Communists."

URGES POLICY UNITY

He urged greater unity and support of U. S. Foreign policy, citing the recent controversy over training Yugoslav pilots in the United States and selling planes to Yugoslavia.

"There are likely good reasons why the United States sold surplus ariplanes to Yugoslavia" he said. "If Yugoslovia went with Russia, they can't get parts for the U. S. planes."

Poage said the Yugoslavs, not members of the International Communist Party or the Comintern, have the second largest army in Europe. It would take 30 to 40 Russian divisions to neutralize the Yugoslavian army, he said.

"It looks to me like this is the cheapest way to tie down 30 to 40 Russian divisions,," he continued.

Congressman Poage was introduced by John Henderson, Jr., Cameron attorney, who cited Poage's efforts in the 11th District's behalf.

A letter from the Milam County Farm Bureau was read by Henderson in which appreciation was extended for Poage's efforts in Milam County's behalf.

Max McClaren, Milam County Democratic chairman, presented Mrs. Poage with a silver tray as a remembrance from the Democrats of Milam County.

Special guests introduced included: Dr. Robert Miller and Miss Ruth Lair, members of Poage's staff, National Democratic Committeeman Byron Skelton, Temple Publisher Frank Mayborn and Mrs. Poage.

Narvie Caperton general chairman of the dinner also introduced guests from 11 Milam communities.

W. S. Lamkin Services Held

Funeral services for W. S. Lamkin were held 2 p. m. Saturday from the Marlow Baptist Church with the Rev. Aubrey Russell officiating.

Milam Guard Unit Arrives At Polk

NURSING HOME BEING BUILT ON EAST 11TH

Construction on a Cameron Nursing Home started this week in the 700 block of East 11th Street.

Construction on the fourteen-room tile structure is being done by Roy Callaway Construction Company, Rockdale. The home will be equipped and capable of handling 20 patients.

Mr. and Mrs. William A. Watkins, Mr. and Mrs. O. A. Folschinsky and Mr. and Mrs. Willis Kuhn are properitors.

Watkins told The Herald the home is being built in accordance with the State Health Department qualifications and will have modern furnishings. The building will be of concrete tile with a brick veneer front. It will also be air-conditioned and a licensed nurse will be on duty at all times.

The building is expected to be completed by January 1. Application will be accepted after December 1.

Mrs. Folschinsky has operated a home for the aged in Rosebud the past 13 years. Mrs. Watkins and Mrs Kuhn have had several years of nursing experience.

Cameron Library To Be Relocated

The Cameron Public Library, located for about seven years in a frame building just off W. Fourth St., will be moved to a new location at 112 E. First St.

Dr. George Bowman, president of the Cameron Library Board, announced the change this week.

It meant the 3,000 volumes and equipment of the Cameron Library would soon be placed in the brick 30 x 70 foot building on the north side of the square.

Condition of the present wooden building was the reason for moving to the new location, Dr. Bowman said. And the central location was selected to increase accessability of Cameron's library facilities.

Library officials worked out the move after the Board met last week. Condition of the building, generally considered irrepairable, made the decision imperative, officials said.

It was the latest development in Cameron's library improvement program which ultimately aims for construction of a new library building on a site donated by the City on E. Fourth St. (US 77).

Just last week, officials reviewed records of the library and announced there was an increase in book usage during the summer months.

Officials also discussed means to finance the interim operation of the library at the downtown location until the new building is constructed and in use on E. Fourth St.

CO. C BEGINS TRAINING IN LOUISIANA

The last contingent of Milam's Company C arrived Tuesday for duty at Fort Polk, La.

The entire unit stopped over Monday night at Huntsville before continuing the trip to Fort Polk. Most of the unit travelled by chartered bus.

The main body left about 4 a. m. Monday. Their headquarters address will be Company C, 3rd Medium Tank Battalion, Bldg. 1450 Ft. Polk La.

The unit had a going away party Saturday night sponsored by the Cameron Couples Club.

Mayor Coleman Duncum addressed the group of 100 Guardsmen and friends that evening.

He said he cleared up a misunderstanding about the city's responsibility in giving the Guardsmen a going away party.

Cameron National Guard officials said the unit will begin an immediate training cycle upon arrival and addition of personnel to bring the unit up to strength.

An advance unit left last week to clear the Company's area for the main party. It was one of dozens of 49th Armored units' advance parties getting Ft. Polk ready for the 10,000 - man unit.

The Cameron Guard Armory will be under the supervision of the County Sheriff. Guard officials gave Sheriff Carl Black the keys before departing Monday.

It was the windup of about two weeks active duty for members of Company C. Prior to their departure they had been preparing for the trip and taking classes on basic military subjects.

Hoskins Returns To Chief's Post From West Columbia

Former Cameron Chief Elvin Hoskins has been named police chief to succeed his successor.

Ray Williamson, 39, former Bryan Detective, was named chief in late September. Hoskins had accepted a post for a higher salary as chief in West Columbia.

Hall, Hoskins will resume his duties as police chief today (Thursday) Williamson was said to be returning to Bryan.

His tenure was the shortest in a line of about half a dozen police chiefs in the past five years. Hoskins served about a year, resinging because of the bigger salary available in West Columbia.

Mayor Coleman Duncum and City Councilmen commended Hoskins' work before he moved to West Columbia.

Williamson was not available for comment on his future plans.

Services Held For Mrs. Polzer

Funeral services were held 10 a. m. Tuesday for Mrs. Janice Patricia Polzer, 34.

$179,000 Milam Suit Filed

Harold Wayne Decker, 24, of Texas City, has filed suit for $179,000 in damages against two Waco men in Milam District Court.

Decker, injured in an auto collision with a vehicle driven by Wade Augustus Brooks, 67, and owned by T. M. Sappington, both of Waco seeks, $54,000 for estimated medical expenses, past and anticipated and $125,000 for future loss of income.

Deckers petition alleges that Brooks was negligent in four instances at the intersection of FM Rd. 845 and SH 36, two miles west of Cameron, when a car in which Decker was a passenger and Brooks' vehicle collided July 13.

MULTIPLE INJURIES

And the Texas City man claims injuries ranging from a brain concussion to several broken bones, ribs and multiple cuts and bruises.

Two other people were killed in the accident July 13. Miss Wanda Mae Decker, 21. also of Texas City and Decker's sister, and Wendell Burns Jones, 24, of Ft. Dodge, Iowa, died of injuries suffered in the wreck.

Decker seeks damages of $1,500 for medical expenses already charged and additional expenses of $2,500 and $50,000 for future medical expenses. And Decker wants $125,000 for loss of earning capacity due to injuries.

The petition said: "As a result of said injuries, plantiff (Decker) is totally disabled and has been since date of accident and will in all reasonable probability be totally disabled the balance of his life."

It was one of the largest damage suits filed in Milam District Court in recent history.

ARMY TRUCK HIT

The collision actually involved more than the vehicles ridden or driven by Decker and suit defendants Brooks and Sappington.

Brooks' 1950 Chevrolet collided with the 1959 Buick in which Decker was a passenger as the Buick was heading east on US 190-SH 36 toward Cameron and Brooks was entering the highway from FM Rd. 485.

Highway patrol officials reported that the Buick and Chevrolet collided with the Buick veering into an Army truck, driving west on US 190 - SH 36. The Buick caromed 200 feet eastward along US 190 and crashed into the side of the Army truck - tractor.

Lanette Laffere To Receive DAR Citizens Award

Lannette Laffere has been selected to receive the DAR Good Citizen Award for this school year.

The DAR citizen is nominated by the members of the Senior Class and selected from the top three by the faculty. This award is presented by the local chapter of the Daughters of the American Revolution. The candidates are chosen on basis of possessing an outstanding degree of their qualifications: Dependability, Service, Leadership and Patriotism.

The school's Good Citizen then writes an original essay based on the current DAR theme "A Republic -- If You Can Keep It." which is sent to the state chairman. The name of the State DAR Good Citizen will be announced at the State Conference held in Corpus Christi, March 7, 8, and 9.

The National Association of secondary School Principals has placed this on the Approved List of National Contests and Activities for 1961 - 62.

Plans Complete For Homecoming Dance Friday

Pumpkins, candles and witches brooms are being assembled to decorate Simon - George Hall in a Halloween theme for the annual Homecoming Dance honoring all high school exes Friday night.

The dance, which will start immediately following the Hearne - Cameron football game is being sponsored again this year by the Cameron Couples Club.

Mrs. Oscar Zotz, dance chairman, announced that classes wishing to make reservations for reunions should contact her.

Members of the Couples Club said that there has been a great deal of interest in the Homecoming Dance for this year and added that they are planning for a large crowd.

Scout Campaign Plans Discussed

The kickoff day for the local Boy Scout Campaign has been set for November 7, according to Bassel Wilson, Tejas District Finance Campaign Chairman.

The Heart O'Texas Council sets up a budget to meet the needs of carrying out the work of the office staff and to organize units keep records of memberships, tenure and advancements, provide promotional aids, intertroop camporees, scout expositions as well as other scouting activities.

In The Service

First Lt. Clement Caffey, son of Mr. and Mrs. Lenza Caffey of Tracy, was promoted to captain at a promotion party at the Mather AFB in California October 15.

City Children To Participate In UNICEF Drive

Tuesday evening some sixty of Cameron's children will be among more than 2,500,000 American boys and girls who will devote their Halloween's fun to save the lives of other children in more than 100 countries aided by UNICEF, the United Nations Children's Fund.

Under the sponsorship of the United Council of Church women the children of the First Methodist, Presbyterian, Episcopal and Christian Churches will meet at their churches at 5 p. m. where they will receive stickers and tags.

"All -participants in the pro gram will have proper identification," Mrs. James Kahler, chairman, said. '.Only children bearing the UNICEF symbol are authorized to collect contributions to the Fund."

Church representatives working with the UNICEF program are Mrs. George Bowman, Episcopal; Mrs. Byron Wise Presbyterian; Mrs E. O. Schiller, Jr., Christian, and Mrs. Howard Tucker, Methodist.

Children will collect for UNICEF between five and six p. m. After the collections, the Trick or Treaters and their escorts will meet at the Methodist Church for refreshments, at which time their "treats" or coins will be counted.

Card Of Thanks

We wish to extend our sincere thanks and appreciation to the many friends and relatives for their kindness, thoughtfulness, for the many flowers, and numerous other expressions of sympathy extended to us in the recent loss of our loved one. These tributes of respect will always be remembered

Yoemen Clobber Caldwell In District Battle, 28-3

The Cameron Yoemen fulfilled pre - game predictions and destung Caldwell's Hornets, 28-3, in football action at Yoe High Stadium last Friday night.

The tilt marked the first conference win for the Yoemen in as many attempts. The loss gave the Hornets a 1-1 won - lost record. They topped A & M Consolidated the previous week.

Billy Bate's crew of Fighting Yoemen showed their normal form in tallying 22 of their 28 points in the second half. Full back Ernie Bayer was the determining factor in 2 second half touchdowns by intercepting Caldwell passes.

Bayer hauled down a Hornet pass on the Caldwell 40 yardline late in the third quarter and ran it back to the 29. Doskocil garnered 9 yards and then carried the remaining 20 to paydirt.

In the fourth quarter Bayer made a one - hand stab at a Hornet pass, knocked it down and hung on, racing 36 yards to the Yoemen goal line. He plunged over from the one yardline early in the third quarter for Cameron's Second TD.

Caldwell's 3 points came in the games opening two minutes. They recovered the opening kickoff on the Yoemen 11 yardline. Jim Ed Davis and Frank Horak combined to tote the pigskin to the Yoemen 4 yardline. From there, Jerry Lippe, 130 pound guard, booted a field goal.

Cameron came back with 8 points minutes later on a 22 yard right end run by Craig Wallace. Bayer carried up the middle for the two extra points.

Defensively, both clubs played a tight first half. Eugene Schattle, Bob Dymke and Stanley Kirk led the Yoe tacklers. Schattle played despite having his two bottom teeth chipped off in the first quarter.

The sophomore phenomenon, Craig Wallace carried six times during the night for 50 yards, an 8½ yard average. His 22 yard touchdown run was made on a speedy handoff from Bayer to him.

Doskocil totaled 102 yards in 12 attempts for an 8.4 night average. Bayer garnered for 48 yards from scrimmage in 15 carries

FIRST HALF

Caldwell kicked off, the ball going out of bounds. The Hornets were penalized 5 yards and kicked again. This time the ball soared to the Cameron 11, where a Hornet recovered his kickoff.

Jim Ed Davis and Frank Horak toted the pigskin to the Cameron 4 yardline. Guy Lippe, 130 pound guard, rated as the team's kicker, did just that and kicked a 3-point field goal.

Wallace carried the next kickoff to Cameron's 18 yardline. Doskocil picked up 2. Bayer got 4 twice in a row, Doskocil got 4, Bayer 2 and 5. A pass went incomplete. Bayer picked up 19 yards carrying to the Hornet 21. Doskocil was thrown for a 4 yard loss and then picked up 5 to set the stage for Wallace's TD run.

Bayer took the snap and spun, handing the ball to Wallace. The speedy 151 pound halfback raced between two would - be tacklers if they had known he had the ball, and raced 22 yards upfield for the touchdown. Bayer carried over for two extra points.

Davis picked up a yard following the kickoff to Caldwell. A fumble on the third play from scrimmage gave the Yoemen possession on the Hornet 25 yardline.

Doskocil got 8, 3, and 5. Bayer fumbled, Caldwell taking over. Alvin Rosenkrannz got 5 and Horak 2, ending the first quarter of play.

Quarterback Harold Satterwhite booted the ball on fourth down, 29 yards. Cameron took control on the Caldwell 49. Woodum lost 5, Bayer lost 5, a pass went incomplete and James Anderle punted 31 yards to the Caldwell 31 yardline.

The Hornets ran up against a brick wall Yoemen defence and were forced to punt on last down. Satterwhite booted 30 yards to Cameron's 35.

Doskocil was stopped cold at the line of scrimmage. Bayer got 4 and Wallace 5 before 5 yard penalty was stepped off against the Yoemen. Anderle's attempted punt was blocked and covered by a Hornet on the Yoemen 11 yardline.

Harper got 2 and Davis 3, Placing the Yoemen in a rock - hard defensive position. With the backs to the wall the hard - hitting Yoemen stopped the carrier at the line, Eugene Schattle pounced on top of a Hornet fumble before any one else knew the ball was loose.

Bayer got 3, 1, and 4. Anderle punted 39 yards out to his 49 yardline. The Hornets missed with two passes and the Yoemen took over, running two plays before time ran out, ending the first half.

SECOND HALF

Caldwell received the second half's opening kickoff. Janek got 1, Harper 4 and Satterwhite 3. Satterwhite booted to the Cameron 21 yardline, 38 yards away.

The only highlight in the next series of plays was a 62 yard punt by Anderle that rolled all the way to the Caldwell 15 yardline. The Hornets couldn't get anywhere either and kicked to the Caldwell 49.

Doskocil broke away on the first play from scrimmage and raced 45 yards to the Hornet 4. Bayer carried twice, to the one yardline. From there the big fullback plunged over for the touchdown. Doskocil went around right end for the two extra points.

The third Yoemen touchdown came seconds later when Bayer intercepted his first pass and returned the ball to the Caldwell 29 yardline. Doskocil jogged 9 yards to the 20. On the next play he carried wide to the right and raced the 20 yards to paydirt. He was stopped in his attempt to run over the two extras.

Horak got 3 for Caldwell. A pass went complete from Satterwhite to Leonard Howry for 19 yards, ending the third quarter of play.

The Hornets failed to make any headway and booted 33 yards to the Hornet 15 yardline. Cameron ran into similar circumstances and Anderle booted 39 yards to the Hornets 36.

Satterwhite attempted a pass on the first play from scrimmage. It was high, but not high enough to prevent Ernie Bayer from knocking it down with one hand, catching it with the other, winding up and racing the 36 yards for the last Yoemen score. David Walston was stopped short in his PAT run-over attempt.

The Hornets fumbled on the second play from scrimmage following kickoff. Johnny Richter recovered the fumble. Joe Mayer picked up 7 and lost 2. Two 15 yard penalties were stopped off against the Yoemen and Anderle got away a 35 yard boot to the Hearne 15.

Short passes and runs read the last series of play for the Hornets. The game ended with them on the Cameron 40 yardline.

Dyess, Harbour Big Names For 23AA District Play

Ace Dyess and Brien Harbour were the big names of 23AA football action last Friday night. Dyess and Harbour paced the Rogers Eagles to a 50-8 win over Thrall Rosebud handed Granger an 18-6 loss in another district tilt.

Jimmy Cowan, 160 pound Eagle quarterback, stole the show in Thrall. He scored the second Eagle TD on a 42 yard run up the middle. Minutes later he picked off his own team's punt when the ball slipped from a Thrall players hands and raced 20 yards to paydirt.

Brien Harbour scored on a 59 yard run around left end in the first quarter. Harbour later scored on a 6 yard plunge and accounted for four points on PAT run - overs.

Ace Dyess backed up the other backs with a 10 yard touchdown in the second quarter. Carl Foster scored the final TD for Rogers; Dyess running over the extra point.

In other 23AA action the Black Panthers of Rosebud handed the Granger Lions an 18-6 defeat.

Tommy Gaither climaxed a 63 yard Rosebud drive in the first quarter with a one - yard plunge past the goal-post.

Gene Janes intercepted a Granger pass on the last quarter of play to set the stage for the last TD. Janes carried the ball home four plays later.

Fullback Lloyd Facianke scored the other Panther touchdown from the six yardline.

Yoe High Floats For Homecoming Discontinued

The Cameron Public School administration announced last week there would be no homecoming parade this yeear. In its place a Homecoming Dance will be held at Ben Milam Cafetoria following Friday night's football game.

A homecoming queen will be crowned at halftime Friday night as in the past. Previously the queen candidates were selected by their classes and the class with the winning parade float was declared winner and their queen crowned.

This year the queen will be selected by popular vote of the student body. Each student will vote three times, until one queen is chosen.

Yoe High School Principal, Jerald Underwood, told The Herald Monday that the annual parade and float activities were discontinued in the best interest of the students and school.

He said, that after much deliberation and study the administration decided the building of the floats distractted too much from class activities during Homecoming Week.

"We made the decision because we thought it would improve the school", he said. "We are not trying to distract from extra - curicular activities, but feel that the tradition of Homecoming can be complete without the floats and parade."

At first the decision was met with opposition from the student body. After an explanation was given for disbanding the floats plans were started for tomorrow night's dance.

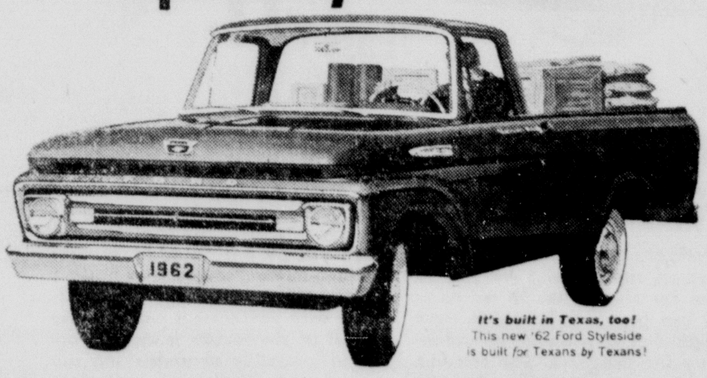
LOOK WHAT HAPPENS when Ford builds a pickup truck specially for Texas



It's built in Texas, too! This new '62 Ford Styleside is built for Texans by Texans!

Ford engineers came to Texas . . . tracked down exactly what Texans need and want in a pickup . . . and look what happens in the '62 Ford! The wheelbase is long—114 easy-riding inches (122 inches for 8-ft. bodies). The ride is smoother with more road stability. Add easy springing and extra insulation and the ride's as soft as a Texas drawl! The frame is strong. It's made to order for high-crowned Texas roads and built to stand up in off-road ranch work. The savings are big—because Ford's full-time economy only starts with low price! You save on gas with Ford's modern engines. Save on oil—go 4,000 miles between changes. Save on tires with Ford's true-tracking truck front suspension!

Cameron Projects Announced . . .

The Herald Congratulates Mayor Coleman Duncum, the City Council and Library Board officials who have taken initiative in furthering the interests of better streets and library in Cameron.

The Council approved a survey of three streets in East Cameron and heard a report on other repairs and improvements that herald better streets in Cameron.

Part of the survey includes E. Sixth St., a segment of the 1958 Planning Commission's recommendation for an overall street improvement program in Camehon.

In announcing the library's move to 112 E. First St., in downtown Cameron, Dr. George Bowman, president of library board, gave Cameron's library program a real boost.

Removal of fixtures and books to the new location on the northside of the Courthouse Square will leave behind the outmoded temporary barracks-type building formerly housing the library. The move is another step in Cameron's determination to build a brand new building on E. Fourth St. (US 77) where the City has set aside a lot for construction. It is marked with a large sign.

These two programs have much in common, though their purposes may seem diverse.

The Library's improvement will mean additional usage not only by Cameron residents, but people throughout North Milam County who have gone by necessity either to Temple or Rosebud. This will serve as additional incentive for Milam residents to consider Cameron more an educational center than ever, following the consolidation of numerous county schools, Cameron's district among them.

The improving streets of Cameron will link the various areas of this county seat that have grown through the years. Improved lateral streets such as E Sixth and E. Seventh Streets will take some of the heavy traffic off of E. 12th Street going to the Green Addition.

Improvements on such north - south streets as South College, mentioned the other night by city officials, will spread the flow of traffic that is now borne by North Crockett and other streets.

With each improvement in streets or library or other worthwhile projects Cameron's move toward an attractive center for industry and continuing agriculture trade becomes more of a reality.

These are not new notions. And their sucessful completion takes time, we realize. But the community momentum added by the announcement of these particular projects gives empetus for even more development.

Berlin Access Problem . .

Russians and Americans are having a time with the free access in Berlin.

An American diplomat had to be brought out by American troops, armed with bayonets, earlier this week. And troops exchanged tear gas bombs at mid - week.

The efforts of armed Americans in keeping the access routes of East Berlin open shows that East Germany pulled off the coup of the year in getting up their wall without Western intervention.

More and more, we are learning that strength exercised is the only thing that the Russian Bear really appreciates.

The success of American intervention in a number of incidents suggests the probability of a stronger Western position in Berlin as the months progress. Khrushchev is giving us room while he has the time.

If the East Germans were to seal off that eastern side completely, there might be repercussions of a resounding nature.

With all the bomb blasts set off by Russia, let us hope that things go better in Berlin.

FREEDOM OF THOUGHT—NATIONAL SAFEGUARD OR DANGER?

Americans believe:

To be strong and enduring a nation must be composed of *citizens who are free to think for themselves.* In no other way can people fully utilize their imagination, resourcefulness and capacity for progress. The freedom to explore new ideas is one of the basic freedoms. When filtered through a sound code of morality the good ideas are separated from the bad, not immediately perhaps, but in time to prevent serious damage. There is a collective wisdom *in the mass mind* that no group of intellectuals, however conscientious, can equal.

Communists believe:

To be strong and enduring a nation must be controlled by intellectuals who instruct the people in thinking in accordance with government policies. The mind of the masses is curious beyond its ability to understand the true nature of what it is exploring. Free thought leads to dangerous conclusions not in keeping with communist doctrine, while controlled thought builds national unity and makes communist countries invulnerable to the outside influences of the people of free nations.

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY
To renew and awaken interest in our precious heritage of Freedom, and its superiority over the Communist philosophy, these messages are being published by the Texas Power & Light Company, an investor-owned, tax-paying electric utility.

Moves Urged On Water Project

By Vern Sanford

AUSTIN — City officials in Texas got a warning from Cheif Engineer John Vandertulip of the State Board of Engineers.

He said Texas had better get moving on its water projects.

Vandertulip's staff has just completed a water study outlining ways in which Texas cities and industries could meet their water needs for 1980. Half of the 14 reservoirs now under construction in Texas will be too small to supply their service areas by then.

It is going to take $1,000,000,000 to build the reservoirs, treatment plants and distribution systems to provide water the Texans of 1980 will need. It will also take planning and working -- starting now -- to get the 45 new reservoirs proposed by the Board of Water Engineers' plan built and full of water by or before 1980.

Plan is endorsed in most details by the U. S. Study Commission.

SALES TAX MODIFICATION

State Comptroller Robert S. Calvert thinks it's time to change the oil tax plan just adopted by the Legislature.

Constitution allocates the new sales tax on motor oil to the State Highway fund for road building. Consequently the corner service station man must keep books on this tax separately from sales taxes he collected for the State's general fund.

Calvert plans to suggest to the Legislature that this oil tax be levied at the jobber level, same as gasoline sales taxes. This will simplify bookkeeping and collecting.

Speaker James A. Turman agrees that there are inequities in the new sales tax which the Legislature should correct.

First to talk openly about paying the tax under protest were the vending machine people. They can't collect sales tax on items selling for less than 25 cents, but they must pay sales tax on their gross sales.

Texas Merchandsie Vending Association plans to ask for a court ruling.

LAST GO ROUND

Sales of $25,000,000 in bonds for the Veterans Land Board completes the borrowing by the State government for that program. Voters authorized $200,000,000 to finance purchases of farms and ranches for veterans.

In the last year, about $37,500,000 has been invested in land since the program was revived after an increase in the authorized interest rate.

L. H. Page of Carthage, member of the Veterans Land Board, estimated that veterans will pay enough extra interest that the state will have made $100,000,000 profit on this program by 2005. That is when the last loan is supposed to be paid off.

MORE STUDY

Governor Price Daniel asked the Legislative Council to bring its 1958 study on loans and interest rates up to date.

Governor Daniel now seems likely to call the Legislature back into session in January. He wants up-to - date facts on the subject of regulation of interest rates and lenders. Regular session just could not reach agreement.

He will ask also for passage of a bill extending the new ascheat enforcement procedures to unclaimed bank accounts in banks and savings institutions.

Speaker James A. Turman appointed a special House committee to make a follow - up study of escheat laws. Reps. Franklin Spears, San Antonio; Ted Springer, Amarillo; Richard C. Slack, Pecos; Paul Haring, Goliad; and Reed Quilliam, Lubbock, are its members.

GOVERNOR APPOINTS

Gov. Price Daniel assigned Dr. James A. Turman (no kin to Speaker Turman,) Texas Youth Council director and Rep. Don Kennard of Fort Worth to attend the National Governors' Conference on Delinquency and Youth Crime in Denver, Colorado.

They'll come back armed with arguments on why Texas needs juvenile parole officers in more than just the five biggest counties. That's extent of present program.

Governor Daniel is asking the Legislature to expand the five-man juvenile parole set - up it created this year. Kennard has sponsored juvenile parole legislation.

FIRST RUNNER

Sen. Preston Smith of Lubbock became the first candidate for lieutenant governor in the Democratic primary next May 5.

LITTLE RIVER PHILOSOPHER

Philosopher Doubts If Mr. Khrushchev Can Get All His Farming Done In 6-Hour Day

Dear editar:

As everybody pretty well agrees, the Russians are ahead of us in space and behind us in farming, and while I won't say this proves us farmers are smarter than our space scientists, still it's hard to argue with a fact.

But what I started out to say was I read about Mr. Khruschev's twelve - hour speech before a big Communist party gathering in Moscow last week, a six - hour speech one day, followed by another six-hour one the next day. That is, I read a few highlights; one of the choicest freedoms of democracy is the freedom to not listen to a one-hour speech by a politician, not to meniton a 12 hour ordeal. And down toward the end I noticed that Mr. Khruschev has promised all the Russians, including farmers, that by 1980 they'll be working only 6 hours a day, five days a week, and he added, everybody will have paid vacations, including farmers.

Incidentally, he added also that if farmers don't start producing more right now, somebody's going to get sent to Siberia.

But what interests me most is this six - hour day Mr. Khrushchev is going to give farmers.

Now I have tried a six - hour day out here on this Johnson grass farm, and I like it fine, only I have found out that if everybody else tried it, I'm afraid the Secretary of Agriculture would stop worrying about too much food and start worrying about too little.

Maybe the present Russian farmers are smart enough to work twelve hours a day and still not produce a back breaking surplus, but American farmers have never been able to swing it. The more they work, the more they proudce and the more they produce the less they get for it and the ponger they have to work to come out even.

I am afraid though that before Mr. Khrushchev gets all his farming done in a six - hour day, he's going to have to control the weather, produce a flat - free tractor tire, a perpetual battery, an everlasting crankshaft, a dust - free carburetor, abolish insects and outlaw fishing, and I doubt if he'll be able to do that by 1980, which is only about 18 years away. If I was Russian farmer and wanted to try the 6-hour day, I believe I'd cross the border.

Yours faithfully.
J. A.

COTTON REVIEW

Cotton harvesting was gaining momentum in the late producing sections. Producers were offering freely. Spot markets were moderately active. Shipper buying was slow. Domestic and export interest was light. Clear, warm weather prevailed generally.

Middling 1" spot cotton prices were firm in the markets this week quoted on Thursday, October 19, at 33.15 cents in Dallas, Houston and Lubbock, and 33.25 cents in Galveston, unchanged from the previous week. Some of the discounts narrowed in the Dallas, Houston and Lubbock markets. Harvest made good progress in all areas this week with near ideal weather conditions prevailing. In central, North and East Texas producers in many counties had about gathered this season's crop. Late cotton was open but not producing as expected. Two weeks of good weather will see most of the crop out of the fields. Gins in West Texas and Oklahoma were becoming crowded as strippers were beginning to operate. Producers were offering current ginnings freely and the larger percent of the ginnings moved into trade channels. Reports indicated most of the trading continued on a physical price basis, with some slackening in the price and demand noted. Buyer demand was best for the lower White and Light Spotted grades in 1" and shorter staples. Interest in Middling and higher grades in the shorter staples increased and fair volume of those qualities moved into trade channels. Loan entries during the period October 6-13 totaled 21,876 bales in Texas and 261 bales in Oklahoma according to report issued by the CCC. Shipper activity was slowly increasing with buying prinicpally for the qualities needed for early shipments. Short interest activity was slower.

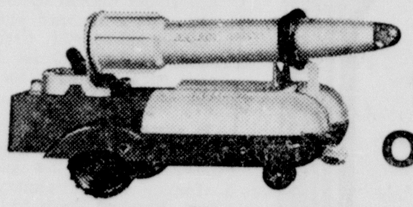
Here is the most exciting *new* toy of the year!



The ENCO Energy Rocket
Only $2.95* with coupon from your neighbor in a HUMBLE uniform

This Humble exclusive is a fascinating toy. So safe and easy to use, a small fry of six can run it. So much fun, even Dads will monopolize it.

Its principal parts are of *Escon,*® Humble's tough new plastic. It's battery powered, easy to assemble, (and the car is securely held together by screws). Simply start it, place on track and after a turn or two, throw the switch. The car zips down the side-track into a plastic bumper and *wh-o-o-o-sh!* The rocket zooms toward the ceiling (but doesn't hit it).

Ask for a coupon at the Humble sign in your neighborhood today. Mail with $2.95* (cash, money order or check) to address on coupon.

*(plus State tax where applicable)

Without coupon—You can buy the Enco Energy Rocket without a coupon for $5.95.* Mail cash, money order or check with name and address to Rocket, Humble Oil & Refining Company, P. O. Box 1244, Houston 1, Texas.

County Agents Notes

Plans Studied For Pecan Show

By J. D. Moore
Milam County Agent

Plans for the 1961 Pecan and Food Show were set at a meeting called by Anton Anderle, chairman of the Milam county Horticultural committee.

The show will be held in Cameron on December 9. The following roles were set: 1. Entries will be limited to Milam County. 2. Exhibitors may enter as many classes as they wish but are limited to one entry per class. 3. All entries must be at the show by 9 a. m. on Dec. 9 and remain in place until 4 p. m. 4. Pecan entries will become the property of the show. 5. Blue ribbon entries will be entered in the State Pecan Show. 6. All entries other than blue ribbon winners will be sold and the proceeds will be used to help pay show expenses. 7. The pecans sold may be picked up at 4 p. m. the day of the show. 8. Pecan entries will consist of one quart of pecans, however, a minimum of 15 pecans must be entered to constitute a valid entry. 9. Pecans exhibited must be from the 1961 crop. 10 Pecans must be grown by person exhibiting them.

Pecan classes will include the following: 1. Heaviest pecan (named variety). 2. Highest percent kernel (seedling). 3. Highest percent (named variety). 4. Heaviest pecan (seedling). 5. Most attractive pecan. 6. Best Kernels. 7. Best other varieties. 8. Best seedling. 9. Best seedling of named variety. 10. Best collection of three varieties. 11. Best collection of six varieties.

Awards: Grand Champion, Reserve Grand Champion, Grand champion seedling, and Reserve Champion seedling.

Growers are urged to collect a quart of pecans from each of their varieties now. Place the pecans in a small cardboard box and let them dry thoroughly before putting them in the quart jar.

After the pecans have dried out, place each sample in a quart jar with the name and address of the exhibitors and the variety on a piece of paper. If the grower does not know the variety, the pecans will be classified at the time of the entry at the show.

Families with just one tree are urged to enter the show. Also, do not overlook the good native trees. It is not always the largest pecans that have the highest shelling percent.

The real value of the show is the location of good native trees. Mr. and Mrs. Frank Hanel of the Hoyte community, showed the 1959 champion native pecans with a shelling percent of 55.62. The Hanel pecans were considered good. Then, at the 1960 show, Mr. and Mrs. Walter Holliman of Rockdale won the native class with an entry that had a shelling percent of 61.9. In fact, the Holliman pecans had the highest shelling percent of any varieties entered in the Eastern Schleys of 1959 scored 61.26 percent and the first place Eastern Schleys entered by Anton Anderle in 1960 had a shelling percent of 61.3.

Entries may be left at the Anderle Lumber Company in Cameron or at the county Extension office located in the Post Office building in Cameron.

Extra Cash Seen From Small Grain

"There is a fine opportunity for Milam county farmers to pick up some extra cash by following the lead of Maurice Shelton, animal husbandman at the McGregor Experiment Station," said County Agent J. D. Moore. For several years, Dr. Shelton has found it profitable to fatten feeder lambs on small grain pastures.

The agent pointed out that lambs are well suited to utlize winter grains because their growth period of 90 to 100 days just fits the small grain grazing period. Also, lambs are cheap and represent a much smaller investment than do cattle. With supplemental feeding of home grown grain, Dr. Shelton carries 7 or 8 lambs to the acre and expects them to increase their weight more than 25 percent in about 3 months. You generally can count on a good margin, too. In most years, fat lambs sell for several cents a pound above the purchase price.

"Good buys in feeder lambs are available now at scores of West and Central Texas auction barns." the agent said. "But farmers interested in this program should act quickly." Moore will be glad to arrange a tour of the McGregor station for those who want additional information. "Our experiment station personnel are always eager to share their date and experience with Milam County farm and ranch folks," he said.

Milam ASCS Report

By Milam County ASCS

George Fisher, performance supervisor for the Milam County ASCS office has just completed checking peanut acreage over the county and is now spot checking compliance on Conservation Reserve and Feed Grain acreage. No grazing is permitted on the 1961 Feed Grain acreage, no crop may be harvested off of these acres and noxious weeds must be controlled.

Those farmers who have not applied for ACP, or Agricultural Conservation Practice, may still do so. This includes Austrian Winter Peas, Dixie Wonder Peas, Hairy Vetch, Common or Williamette Vetch, Hubam Clover, Melilotus Indica Clover, Madrid Clover and fertilizer.

Laddie Vaculin, Front counter man for the ASCS office syas that reports from farmers are that due to the excellent moisture conditions at this time they have a good stand of winter legumes and are well pleased with the practice this year.

Farmes should request cost sharing before performance of the practice has been completed and not later than the date for reporting established by the County Committee.

Sales receipts for the seed and fertilizer must be submitted, unless the material was obtained under purchase order.

Purpose of establishing annual winter legumes is for protection from erosion. A good stand and growth must be obtained in sufficient time to protect the area in the fall and winter.

From all appearances, weather conditions in this area will be conductive to a good stand and growth in plenty of time to protect the land during the fall and winter months. Legume seed must be seeded not later than December 1, and must be left on the land until March 1, 1962.

Santa Fe hauls 2.3 million bales of western cotton to markets

King Cotton has moved west.

In 1945, only 36% of the nation's cotton was grown in the West. Today over 62% of it comes from states served by Santa Fe.

This year Santa Fe will haul over 2,300,000 bales of cotton to markets in 34,000 box cars—enough box cars to make up a train 284 miles long.

Hauling cotton and other important crops, materials and products from where they are grown or made to where they are needed is another example of how Santa Fe is meeting the transportation needs of a growing America.

YOE FIELD

7:30 P. M.

Highly touted Hearne comes to Yoe Field tomorrow night to battle the Cameron Yoemen for what probably will be the 19-AA grid crownfest.

Victor over hapless A & M Consolidated 48-0 last week, Hearne's Eagles bring the most explosive offense in Double A football to Yoe Field. Since Cameron defeated Caldwell last Friday night, the Yoemen and Eagles will probably battle for the crown here. Rockdale, though not to be discounted, is having a rough season this year, and is in a rebuilding program.

Hearne has averaged 42 points per game against their opponents 6, the top AA record in the state.

The Yoemen will need the enthusiastic support of Cameron boosters. See you at the game: 7:30 p. m.
